82 apartments snatched at the blink of an eye!!

Sellesea did it again!! Yes, we're extremely proud to announce that we have recently sold Coniston Mews (comprising 82, 2 bed apartments) to a reputable investors company located in Johannesburg even before excavation has commenced. Coniston Mews has been completed in a record time and was handed over to the new owners during June 2011, proving once again that we are able to deliver even in the current tough economical environment. This transaction was the third development that we have sold to the same investment house, confirming without a doubt that Sellesea deliver quality at unbeatable prices.

We at Sellesea still pledge as follow "if you can dream it, we can build it" at unbeatable prices.

If you are an investors company extending your property portfolio, an individual investor looking to extent your personal property portfolio or an individual entering the market for the first time, we invite you cordially to contact Sellesea Developers without delay...

We are based in Cape Town and can introduce you to numerous sectional title and freestanding property opportunities in Cape Town and adjacent areas.
